PROFILE

I am a dedicated and passionate second-year Computer Science Engineering student with a strong interest in web application development. My enthusiasm for technology drives me to continually expand my knowledge and skills. I am known for my hardworking nature and my willingness to tackle any challenge head-on. My goal is to contribute effectively to innovative web app projects, leveraging my academic background and hands-on experience with HTML, CSS and JavaScript to create impactful solutions.

Present **Fresher**

PROJECTS

1. Interactive Login Page

- created an interactive login page inspired by Facebook's design. It features responsive layout, and real-time form validation.
- highlights my skills in HTML, CSS, and JavaScript, and my ability to develop user-friendly web interfaces.

2. Café Menu

- My café menu is built using HTML for structure and CSS for styling.
- It features uploaded images of our dishes, clickable links for additional information, and CSS properties for visual enhancement.
